

SIKA AT WORK

Arthur W Perdue Stadium

LIQUID APPLIED ROOFING & WATERPROOFING

Stadium Tribune Waterproofing with Sikalastic® RoofPro

BUILDING TRUST

Stadium Tribune Waterproofing with Sikalastic® RoofPro

PROJECT DESCRIPTION

The Arthur W. Perdue Stadium located in Salisbury, MD is home to the Delmarva Shorebirds, a Class A affiliate of Baltimore Orioles. About 2,700 SF of an existing pedestrian coating needed repair from constant wear. In addition, the owner wanted a white reflective surface that would be cooler in the hot summer and would clean easily after each event.

PROJECT SOLUTION

Sikalastic®-641 Lo-VOC is available in a cool, reflective white color and with a sand coat provides a durable walking surface for baseball fans far and wide. Sikalastic®-641 Lo-VOC is part of Sika's RoofPro and is available with 20-year single source labor & material warranty as was supplied on this project. Sikalastic RoofPro membranes are applied directly to decks and conform easily around intricate details forming a seamless, watertight membrane.
