

SIKA AT WORK

Mann Music Center For The Performing Arts, Philadelphia

LIQUID APPLIED ROOFING & WATERPROOFING

Gutter Waterproofing with Sikalastic® RoofPro

BUILDING TRUST

THE SHOW MUST GO ON

The Mann Center for the Performing Arts (formerly known as the Mann Music Center) is a nonprofit performing arts center located in the Centennial District of Philadelphia's West Fairmount Park, built in 1976 as the summer home for the Philadelphia Orchestra. It is the successor in this role to the Robin Hood Dell, where the Philadelphians have given summer performances since 1935.

The Mann received Pollstar nominations for "Best Major Outdoor Concert Venue" in North America in 2010, 2011, and 2014. In 2015, the Mann was awarded a Certificate of Excellence by Trip Advisor and received a Pollstar year-end ranking of 49 out of 100 amphitheater venues worldwide by ticket sales.

PROJECT DESCRIPTION

2,000 sq. ft. of gutter tied into a standing seam metal roof. Sikalastic® RoofPro is known for providing outstanding & robust waterproofing solutions for gutters and ties in well to most existing membranes.

PROJECT REQUIREMENT

A roofing system that would bond to Terne coated stainless steel. Other roofing coatings & membranes were failing prematurely

PROJECT SOLUTION

- Sikalastic® EP Primer
- Sikaflex® 260 Primer
- Sikalastic® 621 steel grey
- Sika® Flexitape
- Sika® 11FC Sealant
