

WATER/WASTEWATER TREATMENT PLANTS

A SMARTER APPROACH TO CONSTRUCTION
MATERIALS

SikaSmart™
Expert Solutions for Water & Wastewater

BUILDING TRUST

EXPERT SOLUTIONS FOR WATER & WASTE

Meet all your construction needs from one source...

SIKA® CONCRETE WATERTIGHT SYSTEM

- Sika® Watertight Concrete Integral admixtures to insure the watertightness of your structure
- Sika® ViscoCrete® Water Reducers for improved durability and production of Self Consolidating Concrete (SCC)
- Enhance the durability of your structure with Sika® Control Shrinkage Reducing Admixture, Sika® CNI Corrosion Control, and Sika® Fibers

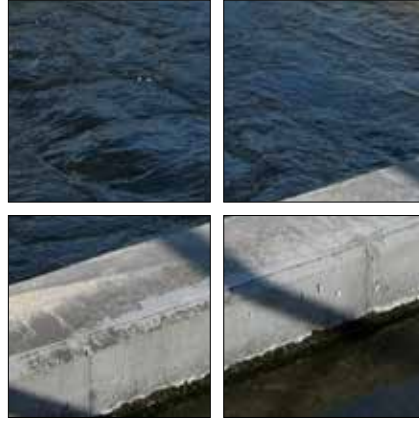

BELOW GRADE WATERPROOFING

- SikaProof® pre-applied, fully bonded waterproofing membrane system
- SikaBit® post-applied, self-adhered waterproofing membrane
- Integral waterproofing concrete admixtures

WATERTIGHT CONCRETE JOINTS

- Greenstreak® PVC waterstops (NSF-61 Certified available upon request)
- Westec® TPER chemical resistant waterstops for ozone contact structures (NSF-61 Certified)
- SikaFuko® injectable hose waterstop for redundant waterstop protection
- Hydrotite swellable waterstop
- Chemical injection grouts for sealing leaking joints/cracks

WATER TREATMENT

Sikagard® EPOXY COATINGS (Mechanical Rooms)

- Chemical resistant and moisture tolerant epoxy coatings
- Excellent adhesion to concrete
- Superior abrasion resistance to long-term wear
- Outstanding chemical resistance for long-term protection

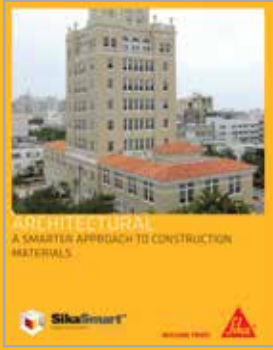

JOINT SEALANTS

- Over 25 years of performance in Waste & Water Treatment applications
- Full range of polyurethane, silicone, hybrid and polysulfide sealants
- Sealants designed for total water immersion and chemical resistance
- Weathersealing for buildings and offices
- 2-part polyurethane sealants for fast turn-around projects
- Durable self-leveling sealants for horizontal applications

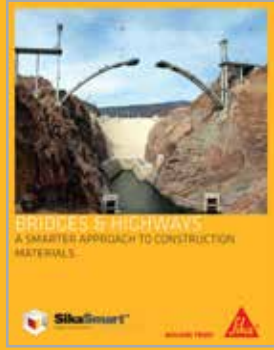

REFURBISHMENT

- A complete range of concrete repair products approved for contact with potable water
- Pre-bagged range of Shotcrete products to fit your project needs
- Crack repair solutions for structural and active water leaking cracks
- Epoxy coating systems for protection of the interior walls of concrete tanks
