

Sikafloor® Versacolor® & Verrazzo®

DECORATIVE
FLOORING
SYSTEMS

Timeless look of marble or terrazzo

Versacolor® and Verrazzo® systems combine performance-blended aggregates and advanced resin chemistry, producing highly durable decorative floors that replicate the look of fine stone or terrazzo—at a fraction of the cost.

- Extensive color palette with a wide range of visual textures
- Factory-blended aggregate, graded for superior compressive and impact strength
- Excellent durability, UV stability and long-term performance
- 100% solids, low odor formulation
- Easy-to-maintain, seamless, hygienic surface
- Chemical resistant
- Waterproofing options

Versacolor® & Versacolor® DECORATIVE FLOORING SYSTEMS

Marble-Like Magnificence

> VERSACOLOR® X-5

Nominal 3/16" trowel-applied floor system consisting of 100% solids pigmented epoxy, pigment-absorbing "background" aggregate, and contrasting black "fleck" aggregate to create the high-end appearance of marble.

Vibrant Terrazzo Mosaics

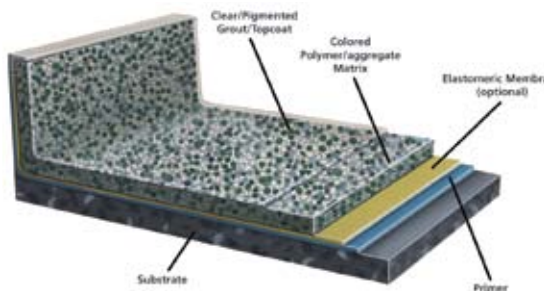

> VERRAZZO®

Nominal 3/16" trowel-applied floor system consisting of 100% solids pigmented epoxy, pigment-absorbing "background" aggregate, and contrasting trowel-grade colored quartz granules to create rich mosaic patterns in vibrant color blends.

Many Degrees of Customization

Get the precise look, texture and performance you desire with Sika® Versacolor® and Verrazzo® Decorative Flooring Systems.

- A rainbow of colors in a variety of visual textures
Whether you're impressed by the refined marble appearance of Versacolor or you're drawn to the bold, terrazzo look of Verrazzo, our extensive color palette of background resins and aggregates provide you with a rainbow of breathtaking color combinations.
- Advanced performance, tailored to your needs
 - Low odor & environmentally-friendly low VOC formulations
 - Various degrees of gloss and chemical resistance
 - Optional crack-bridging/waterproofing flexible membrane
