## Sikafloor® EpoRok®

EPOXY BASED  
MORTAR  
FLOORING

## Heavy Duty Concrete Resurfacer Systems

For high performance, VOC compliant flooring systems, rely on EpoRok®. These proprietary high solids systems deliver superior performance, whether you are overlaying new concrete or patching/overlaying a severely eroded concrete floor—providing chemical, abrasion and impact resistance with compressive strengths two to three times greater than concrete

- *Highly durable surface suited for heavy traffic & aggressive use*
- *Excellent chemical, abrasion and impact resistance*
- *Slip-resistant texture for reduced injury risk on wet surfaces*
- *Specially designed aggregate for superior compressive strength, uniform appearance, ease of application*
- *Easy-to-maintain, seamless, hygienic surface*
- *Pre-proportioned batches for simplified, precise job site mixing*
- *Integral cove base available*

# EpoRok®

## INDUSTRIAL FLOORING SYSTEMS

### Tough Performance. Aesthetic Versatility.

From health care facilities to industrial warehouses, EpoRok Flooring Systems provide superior strength and durability.

#### ■ Pillars of strength

EpoRok Flooring systems resist chemical spills and exposures, can withstand temperatures to 200°F, and provide maximum impact and abrasion resistance.

#### ■ Brawn and beauty

Are aesthetics a concern? Tough, yet decorative, EpoRok Quartz Flooring systems provide a winning combination.

#### ■ Advanced performance, tailored to your needs

- Low odor and environmentally friendly low VOC formulations
- Compatible with gloss, satin and chemical resistant topcoats
- Optional integral cove base and waterproofing membrane available.

## Decorative Options Available

Color Quartz | Flake | Pigmented

Achieve seamless artistic impact with Sikafloor's creative palettes of decorative quartz and flake blends. This reproduction approximates actual colors and patterns. Slight variations may be encountered on actual projects. Downloadable color charts are available via our website, [www.sikafloorusa.com](http://www.sikafloorusa.com). Or, contact your Sikafloor representative to receive printed color cards or applied samples.

### TYPICAL APPLICATIONS

#### COMMERCIAL & INSTITUTIONAL

cafeterias/restaurants  
correctional institutions  
schools/education facilities

#### HEALTH CARE

animal holding facilities  
health care facilities  
veterinary clinics

#### INDUSTRIAL & MANUFACTURING

beverage processing  
chemical processing  
food processing  
manufacturing, heavy  
manufacturing, light  
pharmaceutical production  
water treatment

#### TRANSPORTATION

automotive dealerships  
transportation terminals  
vehicle maintenance areas

#### COMMON AREAS

aisleways/corridors  
chemical areas  
clean rooms  
laboratories  
loading docks  
warehouse/distribution
