AS A MEMBRANE MANUFACTURER, Sika Corporation (Sika) reviews details prepared by the consultant, architect and/or engineer for a project solely for the purpose of determining if a Sika warranty may issue for the project. The respirator is not to be construed as approval or denial of details by Sika and is not being conducted in lieu of sound engineering and architectural practices and quality. Sika reserves the right to reject any detail not conformed to or not accepted by Sika.

Sika Corporation assumes no liability with respect to the design of the roof or its waterproofing system. The architect, consultant, and/or engineer, or design professional for a particular project bears the sole responsibility for the design of the roof system. The installer is responsible for adhering to the manufacturer's recommendations. The installation of a Sika membrane is the responsibility of the contractor. All Sale of Sika products and services are subject to Sika terms and conditions of sale available at usa.sarnafil.sika.com.
