

# Sika<sup>®</sup> Resinous Floor and Wall Systems Cannabis Facility Solutions

## SIKA - YOUR LOCAL GLOBAL PARTNER

Sika's global presence in the resinous floor and wall industry ensure you'll have the latest technologies backed by the industry leader. Our experience in a wide array of industrial, processing, commercial, and highly controlled environments, coupled with our latest resin innovations, is a perfect fit for the unique requirements in the cannabis industry.

Rather than provide a "one system fits all" approach, Sika's team will sit down with your facility design, construction and maintenance teams to optimize the performance and value for each space's needs.

Our commitment throughout the process assures you get the results you want and need. This translates into long term performance of your finishes.

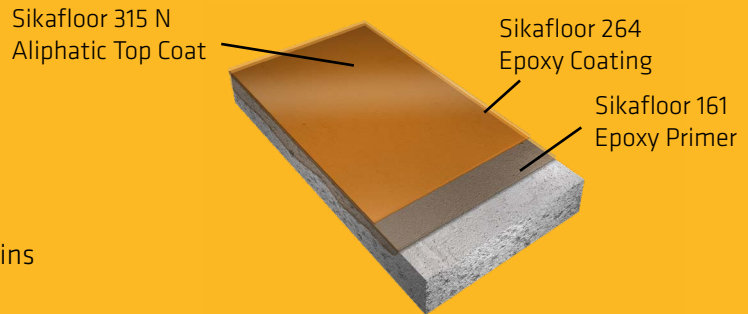

# Sika Resinous Floor and Wall Systems Cannabis Facility Solutions

Sika's resinous floor and wall systems deliver value through long-lasting performance and aesthetics. Our low VOC resinous coatings produce a rugged, long-lasting and seamless surface engineered for maximum gloss retention and light reflectance with excellent resistance to abrasion, chemicals, impact and UV exposure.

## High Performance Coating System

A moderate cost system to protect areas with no substrate moisture issues.

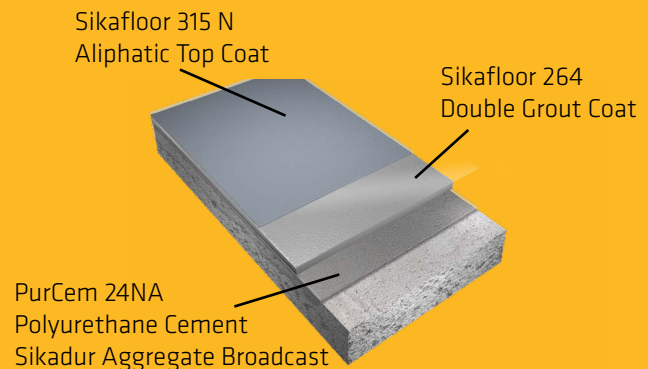

- Easy to clean, seamless surface
- Wide range of surface textures
- Resistant to water, chemical sanitizers and stains
- Excellent gloss retention and light reflectance

## Heavy Duty System

A heavy duty system designed for aggressive project schedules and more aggressive operating conditions.

- Engineered for new and retrofit projects with high slab moisture content
- Excellent impact resistance
- Easy to clean, seamless surface
- Wide range of surface textures
- Resistant to water, chemical sanitizers and stains
- Excellent gloss retention and light reflectance

## Decorative Flake System

A decorative flake broadcast system designed for lab, support and other areas where a combination of toughness and aesthetics are important.

- Unlimited color possibilities
- Easy to clean, seamless surface
- Long lasting aesthetics

## High Performance Urethane Wall and Ceiling System

A high performance wall coating designed for clean environments.

- Color stable
- Light reflective
- Resistant to chemical sanitizers and stains
