

# SIKA WEATHERSEAL SOLUTIONS

Sika offers a full line of weatherseal product solutions to meet any customer's project needs. With our Silicone, Hybrid and Polyurethane product technologies we are prepared to support various demands on your window and door installations and provide efficient and durable perimeter sealing concepts for commercial window wall applications.

## SILICONES

- Sikasil® WS-305 AM - neutral curing silicone sealant with high movement capability
- Sikasil® WS-290 - neutral curing, ultra low-modulus silicone sealant

## HYBRID

- Sikaflex®-510 AM50 - high movement STP sealant, excellent weathering and UV resistance, paintable
- Sikaflex®-511 - high movement textured STP sealant, excellent weathering and UV resistance, paintable

## POLYURETHANE

- Sikaflex®-219 LM - low-modulus, high performance PU sealant, excellent adhesion to most substrates, paintable
