

# Sikafloor<sup>®</sup> Marine-107

## ULTRA LIGHT-WEIGHT SELF-LEVELING DECK COVERING

- Ultra-light weight
- Outstanding self-leveling properties in thin layers
- Great pumpability

## PRODUCT DESCRIPTION

Sikafloor® Marine-107 is a one component ultra-light weight and self-leveling mortar based on polymer modified cement. The product is applied on interior decks, to level the surface prior to the application of deck finishing materials such as carpets and vinyl. It is suitable for application in dry, light traffic accommodation areas. For specific applications consult the product data sheet or Sika technical service.

## PRODUCT BENEFITS

- Excellent self-leveling properties
- Ultra-leight weight
- Water based one component
- Great pumpability
- Non corrosive
- Non toxic
- No hazardous waste

## TECHNICAL PROPERTIES

Chemical base	1-component polymer
Density	0.7 kg/ m <sup>2</sup> / mm
Applied thickness	3–10 mm
Ready to walk on	12 hours
Compressive strength	8MPa
E-Modulus	2.3 GPa
Shelf life	12 months

Our most current General Sales Conditions shall apply.  
Please consult the Data Sheet prior to any use and processing.
