

Sikafloor® MultiDur® INDUSTRIAL FLOOR COATINGS

HIGH PERFORMANCE SEAMLESS COATING SYSTEMS

Engineered for high-demand commercial and industrial settings, Sikafloor MultiDur is the optimum coating system for demanding conditions. Whether your surface must tolerate significant traffic, large equipment, abrasion or harsh chemicals, Sika offers versatile systems in a wide range of colors, textures and finishes that fit your unique environment.

- Highly customizable, component-based coating systems
- Wide variety of colors, surface textures and gloss levels
- Easy-to-maintain, seamless surface
- Improves light reflectance and facility aesthetics
- Optional slip resistant texture available
- Resin-rich and suitable for harsh environments

Sikafloor® MultiDur® Industrial Floor Systems

Enduring Performance. Unmatched Versatility

For high-demand commercial and industrial settings, Sikafloor MultiDur is the optimum coating specifically designed for your unique environment.

Seamless aesthetics

Sikafloor MultiDur Coating System is a solid color, high gloss, smooth, resin-rich epoxy floor coating designed for light duty traffic areas and general service environments.

Broadcast for durability

Sikafloor MultiDur Broadcast System is a solid color, textured, aggregate-filled, seamless, epoxy based floor coating that incorporates durable, hard aggregate that is broadcast and sealed into the surface to increase the coating thickness and extend life expectancy against aggressive wear.

Advanced performance tailored to your needs

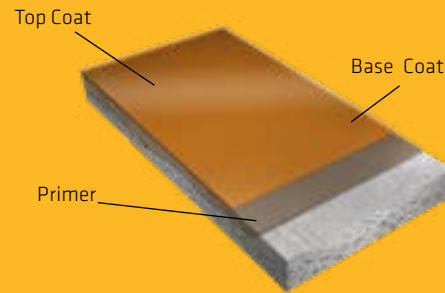

Low odor and environmentally friendly low VOC formulations fit easily into any setting and decor. Available in gloss, satin and chemical resistant top coats. Also, integral cove bases and waterproof membranes are available as options.

Typical Applications

- Animal Care Facilities
- Engine Bays
- Correctional Institutions
- Assembly Areas
- Locker & Shower Rooms
- Corridors
- Mechanical Rooms

Our most current General Sales conditions shall apply. Please consult the most current local Product Data Sheet prior to any use.

Sikafloor MultiDur System

Sikafloor MultiDur combines performance and versatility for use in high demand commercial and industrial settings. MultiDur is a versatile coating system and can be designed to tolerate aggressive surface conditions such as heavy traffic, large equipment, abrasion and harsh chemicals.

Sikafloor MultiDur surfacing can be finished, when required, with state-of-the-art sealers for increased wear, chemical resistance, prolonged aesthetics and easy cleaning.
