

SIKA CORPORATION

# HAINES CITY ADMIXTURE PLANT

Sika's new Haines City plant is now operational, representing a major milestone in the company's commitment to the concrete industry across Florida and the southeastern United States. The facility features the highest level of automation for an admixture plant in the U.S., setting a new benchmark for efficiency and innovation. Sika has adopted best demonstrated practices from other plants for safety equipment, process equipment, and water use reduction/wastewater reduction.

## ABOUT THE HAINES CITY PLANT

-  Haines City, Florida
