<b>Components</b>	1
<b>Chemistry</b>	Acrylic
<b>Coverage per Gallon</b>	300 - 500 SQFT
<b>SL Depth Limit</b>	Unlimited
<b>Cure Time</b>	1 Hour
<b>Color</b>	Mint

**Sika® Level-02 EZ Primer** is a new acrylic primer for use on sound, smooth and non-porous substrates in interior areas. Applied prior to the use of Sika® Level underlayments and patching compounds on epoxy, ceramic tiles, old vinyl, linoleum, rubber and other coverings.

This new product replaces Sika® Level-02 Primer and offers many additional benefits including better coverage, faster cure time and no mixing required (single component).
