

SikaWall® 3000 Rapid Bond

A one-component, polyurethane foam adhesive specifically designed as an insulation adhesive for use in a Sika Exterior Insulation & Finish System (EIFS). This fast set adhesive allows for EPS and GPS rasping one hour after insulation board installation.

PRODUCT BENEFITS

- **Rapid Curing:** Quick setting formula, cures in one hour, improves productivity and minimizes downtime.
- **Easy Application:** One-component, ready-to-use formula in two convenient package sizes, reduces waste and eases application.
- **Versatile Use:** Designed for a durable bond of EPS and GPS insulation to a wide range of substrates. Can be used to fill small gaps in insulation (EPS, GPS) board joints up to ¼ inch.
