Protect Your Concrete with Scofield Sealers

Scofield sealers protect the surface, enhance the appearance of colored concrete, and may provide protection against contamination and chemical attack by imparting a film-forming layer on the surface of the concrete. Consult a Scofield Concrete Cures & Sealers Guide.

LITHOCHROME® Color Hardener is an abrasion resistant color hardener ideal for areas of high volume pedestrian or vehicular traffic. Use to permanently color, harden, and improve the abrasion resistance of walkways, building entrances, foyers, stairs, loading docks, parking structures, food courts, drive-thru lanes, and crosswalks.

LITHOCHROME®

Color Hardener

& SCOFIELD® Texturetop® Pro

PRODUCT DESCRIPTIONS:

LITHOCHROME® Color Hardener is a dry-shake colored hardener formulated to be easily incorporated into the surface of freshly placed concrete.

SCOFIELD® Texturetop® Pro is a premium-quality cementitious topping system for resurfacing, texturing, and imprinting exterior or interior concrete floors or hardscapes.

LITHOCHROME® Colorwax™ curing compound and is available in matching colors.

Additional Made to Order
