

INSTALL DÉCOR FASTER, EASIER, AND SAFER

Sarnafil® Self-Adhered Feltback

Applying adhesive on a sloped roof requires skill and additional safety precautions, not to mention the reduction in application speed the steeper the slope. Tipping or falling adhesive pails or rollers while on a steep slope is also a very real concern. Sarnafil Self-Adhered Feltback Membrane (SAFB) removes the risk involved with securing the adhesive and tools during installation and can be installed by simply peeling off the release liner and sticking the membrane to the substrate. Sarnafil SAFB also helps to hide board joints, securement plates, and deck imperfections with the factory-applied felt backing. And if you consider all the original benefits that our bareback self-adhered membrane has, there is simply no reason not to switch to Sarnafil SAFB!

Sarnafil SAFB is the ideal product for steep slope roof applications such as Sika's Décor Roof System, a standing seam metal roof "look-a-like" system utilizing Sarnafil colored feltback membrane with extruded profile "ribs" hot-air welded to the membrane. By eliminating the need for pails of liquid adhesive, you can increase installation time and keep your employees safer.

Sarnafil®

BUILDING TRUST

FEATURES & BENEFITS

- No More Securing Adhesive Pails on a Sloped Roof
- Fast and Easy, Just Peel & Stick
- Eliminate Multiple Adhesive Coats
- Available in 6.5' Wide Sheets for Easy Mobility
- Reduce Board Joints and Securement Plates Strike Through
- Install in Temperatures as Low as 20°(F)
- Eliminate Adhesive Rollers
- No Solvents, VOCs, or Odors
- No Hazmat Transportation or Disposal
- No Membrane Adhesive to Store On-Site

WE ARE SIKA

With more than 100 years of experience, Sika is a worldwide innovation and sustainability leader in the development and production of systems and products for commercial and residential construction, as well as the transportation, marine, automotive, and renewable energy manufacturing industries.

Sika has offices in 103 countries with over 400 manufacturing facilities and more than 33,000 employees worldwide. With annual sales of CHF 11.24 billion in 2023, our commitment to quality, innovation, and the environment as well as putting our customer's needs first, encompasses why Sika is the global leader in our industries.

Our most current General Sales Conditions shall apply. Please consult the most current local Product Data Sheet prior to any use.
