

Revision Date 12/12/2023 Print Date 12/12/2023

#### **SECTION 1. IDENTIFICATION**

Product name : SikaTile®-800 Un-sanded Grout

Company name : Sika Corporation

201 Polito Avenue Lyndhurst, NJ 07071

USA

www.sikausa.com

Telephone : (201) 933-8800

Telefax : (201) 804-1076

E-mail address : ehs@sika-corp.com

Emergency telephone : CHEMTREC: 800-424-9300

INTERNATIONAL: +1-703-527-3887

Recommended use of the

chemical and restrictions on

use

For further information, refer to product data sheet.

#### **SECTION 2. HAZARDS IDENTIFICATION**

# GHS classification in accordance with the OSHA Hazard Communication Standard (29 CFR 1910.1200)

Skin corrosion : Category 1C

Serious eye damage : Category 1

Skin sensitization : Category 1

Carcinogenicity (Inhalation) : Category 1A

Specific target organ toxicity :

- single exposure

Category 3 (Respiratory system)

# **GHS** label elements

Hazard pictograms

Signal Word : Danger

Hazard Statements : H314 Causes severe skin burns and eye damage.

H317 May cause an allergic skin reaction.

Revision Date 12/12/2023 Print Date 12/12/2023

H335 May cause respiratory irritation. H350 May cause cancer by inhalation.

**Precautionary Statements** 

## Prevention:

P201 Obtain special instructions before use.

P202 Do not handle until all safety precautions have been read and understood.

P260 Do not breathe dust.

P264 Wash skin thoroughly after handling.

P271 Use only outdoors or in a well-ventilated area.

P272 Contaminated work clothing must not be allowed out of the workplace.

P280 Wear protective gloves/ protective clothing/ eye protection/ face protection.

#### Response:

P301 + P330 + P331 IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.

P303 + P361 + P353 IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/ shower.

P304 + P340 + P310 IF INHALED: Remove person to fresh air and keep comfortable for breathing. Immediately call a POISON CENTER/ doctor.

P305 + P351 + P338 + P310 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER/ doctor.

P308 + P313 IF exposed or concerned: Get medical advice/ attention.

P333 + P313 If skin irritation or rash occurs: Get medical advice/attention.

P362 + P364 Take off contaminated clothing and wash it before reuse.

## Storage:

P403 + P233 Store in a well-ventilated place. Keep container tightly closed.

P405 Store locked up.

#### Disposal:

P501 Dispose of contents/ container to an approved waste disposal plant.

#### **Additional Labeling**

There are no ingredients with unknown acute toxicity used in a mixture at a concentration >= 1%.

#### Other hazards

None known.

Revision Date 12/12/2023 Print Date 12/12/2023

## **SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS**

#### **Mixtures**

# Components

| Chemical name      | CAS-No.    | Classification   | Concentra-<br>tion (% w/w) |
|--------------------|------------|--|----------------------------|
| Limestone          | 1317-65-3  |  | >= 50 - < 70               |
| Portland Cement    | 65997-15-1 | Skin Corr. 1C; H314<br>Eye Dam. 1; H318<br>Skin Sens. 1; H317<br>STOT SE 3; H335 | >= 30 - < 50               |
| Titanium dioxide   | 13463-67-7 |  | >= 5 - < 10                |
| Quartz (SiO2) >5µm | 14808-60-7 | Carc. 1A; H350<br>STOT RE 1; H372<br>STOT SE 3; H335                             | >= 0.1 - < 1               |

Actual concentration is withheld as a trade secret

## **SECTION 4. FIRST AID MEASURES**

General advice : Move out of dangerous area.

Consult a physician.

Show this material safety data sheet to the doctor in attend-

ance.

If inhaled : Move to fresh air.

Consult a physician after significant exposure.

In case of skin contact : Take off contaminated clothing and shoes immediately.

Wash off with soap and plenty of water.

Immediate medical treatment is necessary as untreated wounds from corrosion of the skin heal slowly and with difficul-

tv.

In case of eye contact : Small amounts splashed into eyes can cause irreversible tis-

sue damage and blindness.

In the case of contact with eyes, rinse immediately with plenty

of water and seek medical advice.

Continue rinsing eyes during transport to hospital.

Remove contact lenses.

Keep eye wide open while rinsing.

If swallowed : Clean mouth with water and drink afterwards plenty of water.

Do not induce vomiting without medical advice.

Do not give milk or alcoholic beverages.

Never give anything by mouth to an unconscious person.

Take victim immediately to hospital.

Most important symptoms and effects, both acute and

Prolonged exposure can cause silicosis.

May cause an allergic skin reaction.

according to OSHA 1910.1200 Hazard Communication Standard

# SikaTile®-800 Un-sanded Grout

Revision Date 12/12/2023 Print Date 12/12/2023

delayed Causes serious eye damage.

May cause respiratory irritation. May cause cancer by inhalation.

Causes severe burns.

Health injuries may be delayed.

corrosive effects irritant effects sensitizing effects

Cough

Respiratory disorder Allergic reactions

**Dermatitis** 

Notes to physician : Treat symptomatically.

## **SECTION 5. FIRE-FIGHTING MEASURES**

Suitable extinguishing media : Use extinguishing measures that are appropriate to local cir-

cumstances and the surrounding environment.

Further information : Collect contaminated fire extinguishing water separately. This

must not be discharged into drains.

Fire residues and contaminated fire extinguishing water must

be disposed of in accordance with local regulations.

Special protective equipment :

for fire-fighters

In the event of fire, wear self-contained breathing apparatus.

# **SECTION 6. ACCIDENTAL RELEASE MEASURES**

Personal precautions, protec- :

tive equipment and emer-

gency procedures

Use personal protective equipment.

Avoid breathing dust.

Deny access to unprotected persons.

Environmental precautions : Do not flush into surface water or sanitary sewer system.

If the product contaminates rivers and lakes or drains inform

respective authorities.

Local authorities should be advised if significant spillages

cannot be contained.

Methods and materials for

containment and cleaning up

Pick up and arrange disposal without creating dust.

Keep in suitable, closed containers for disposal.

#### **SECTION 7. HANDLING AND STORAGE**

Advice on protection against

fire and explosion

Avoid dust formation.

Provide appropriate exhaust ventilation at places where dust

is formed.

Revision Date 12/12/2023 Print Date 12/12/2023

Advice on safe handling : Avoid exceeding the given occupational exposure limits (see

section 8).

Do not get in eyes, on skin, or on clothing. For personal protection see section 8.

Persons with a history of skin sensitization problems or asthma, allergies, chronic or recurrent respiratory disease should not be employed in any process in which this mixture is being

used.

Smoking, eating and drinking should be prohibited in the ap-

plication area.

Follow standard hygiene measures when handling chemical

products.

Conditions for safe storage : Store in original container.

Keep in a well-ventilated place. Observe label precautions.

Store in accordance with local regulations.

Materials to avoid : Explosives

Oxidizing agents
Poisonous gases
Dangerous when wet
Flammable solids
Organic peroxides
Poisonous liquids

Spontaneously Combustible Substances

Further information on stor-

Keep in a dry place.

age stability

No decomposition if stored and applied as directed.

## SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

# Ingredients with workplace control parameters

| Components      | CAS-No.    | Value type<br>(Form of<br>exposure)    | Control parameters / Permissible concentration | Basis    |
|-----------------|------------|--|--|----------|
| Limestone       | 1317-65-3  | TWA (total dust)                       | 15 mg/m3                                       | OSHA Z-1 |
|                 |            | TWA (respir-<br>able fraction)         | 5 mg/m3  | OSHA Z-1 |
|                 |            | TWA (Total dust)                       | 15 mg/m3                                       | OSHA P0  |
|                 |            | TWA (respir-<br>able dust<br>fraction) | 5 mg/m3  | OSHA P0  |
| Portland Cement | 65997-15-1 | TWA (Respirable particulate matter)    | 1 mg/m3  | ACGIH    |
|                 |            | TWA (total dust)                       | 15 mg/m3                                       | OSHA Z-1 |

Revision Date 12/12/2023 Print Date 12/12/2023

|                    |            | TWA (respirable fraction)                          | 5 mg/m3                                  | OSHA Z-1  |
|--------------------|------------|--|--|-----------|
|                    |            | TWA (Total dust)                                   | 10 mg/m3                                 | OSHA P0   |
|                    |            | TWA (respirable dust fraction)                     | 5 mg/m3                                  | OSHA P0   |
|                    |            | TWA (Dust)   | 50 Million parti-<br>cles per cubic foot | OSHA Z-3  |
|                    |            | TWA (Total)  | 10 mg/m3                                 | OSHA P0   |
|                    |            | TWA (Respirable fraction)                          | 5 mg/m3                                  | OSHA P0   |
| Titanium dioxide   | 13463-67-7 | TWA (total dust)                                   | 15 mg/m3                                 | OSHA Z-1  |

#### Particles of nuisance dust

| Form of exposure    | Value type | Control parameters | Basis    |
|---------------------|------------|--------------------|----------|
| total dust          | TWA        | 15 mg/m3           | OSHA Z-3 |
| respirable fraction | TWA        | 5 mg/m3            | OSHA Z-3 |

: Use of adequate ventilation should be sufficient to control **Engineering measures** 

> worker exposure to airborne contaminants. If the use of this product generates dust, fumes, gas, vapor or mist, use process enclosures, local exhaust ventilation or other engineering controls to keep worker exposure below any recommend-

ed or statutory limits.

Personal protective equipment

Respiratory protection Use a properly fitted NIOSH approved air-purifying or air-fed

respirator complying with an approved standard if a risk as-

sessment indicates this is necessary.

The filter class for the respirator must be suitable for the max-

imum expected contaminant concentration

(gas/vapor/aerosol/particulates) that may arise when handling the product. If this concentration is exceeded, self-

contained breathing apparatus must be used.

Chemical-resistant, impervious gloves complying with an Hand protection

> approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is nec-

essary.

Eye protection Safety eyewear complying with an approved standard should

be used when a risk assessment indicates this is necessary.

Skin and body protection Choose body protection in relation to its type, to the concen-

tration and amount of dangerous substances, and to the spe-

cific work-place.

Avoid contact with skin, eyes and clothing. Hygiene measures

Wash hands before breaks and immediately after handling

the product.

Remove contaminated clothing and protective equipment

before entering eating areas. Wash thoroughly after handling.

Avoid breathing dust.

Incompatible materials No data available

Hazardous decomposition

products

No decomposition if stored and applied as directed.

## **SECTION 11. TOXICOLOGICAL INFORMATION**

Not classified due to lack of data.

#### Skin corrosion/irritation

Causes severe burns.

## Serious eye damage/eye irritation

Causes serious eye damage.

## Respiratory or skin sensitization

#### Skin sensitization

May cause an allergic skin reaction.

# Respiratory sensitization

Not classified due to lack of data.

# Germ cell mutagenicity

Not classified due to lack of data.

## Carcinogenicity

May cause cancer by inhalation.

**IARC** Group 1: Carcinogenic to humans

> Quartz (SiO2) 14808-60-7

(Silica dust, crystalline)

Group 2B: Possibly carcinogenic to humans

Titanium dioxide (> 10 μm) 13463-67-7

**OSHA** OSHA specifically regulated carcinogen

> Quartz (SiO2) 14808-60-7

(Silica, Crystalline (Respirable Size))

# Reproductive toxicity

Not classified due to lack of data.

# STOT-single exposure

May cause respiratory irritation.

## STOT-repeated exposure

Not classified due to lack of data.

Prolonged exposure can cause silicosis.

Once sensitized, a severe allergic reaction may occur when subsequently exposed to very low levels.

# Aspiration toxicity

Not classified due to lack of data.

#### **Further information**

#### **Product:**

Remarks

Titanium dioxide (13463-67-7)

In lifetime inhalation studies of rats, airborne respirable-size titanium dioxide particles have shown to cause an increase in lung tumors at concentrations associated with substantial particle lung burdens and consequential pulmonary overload and inflammation. The potential for these adverse health effects appears to be closely related to the particle size and the amount of the exposed surface area that comes into contact with the lung. However, tests with other laboratory animals such as mice and hamsters, indicate that rats are significantly more susceptible to the pulmonary overload and inflammation that causes lung cancer. Epidemiological studies do not suggest an increased risk of cancer in humans from occupational exposure to titanium dioxide. Titanium dioxide has been characterized by IARC as possibly carcinogenic to humans (Group 2B) through inhalation (not ingestion). It has not been characterized as a potential carcinogen by either NTP or OSHA.

Quartz (14808-60-7): This classification is relevant when exposed to Quartz (silicon dioxide) in dust or powder form only, including cured product that is subject to sanding, grinding, cutting, or other surface preparation activities.

## **SECTION 12. ECOLOGICAL INFORMATION**

## **Ecotoxicity**

No data available

# Persistence and degradability

No data available

Revision Date 12/12/2023 Print Date 12/12/2023
