

GLOBAL BUT LOCAL PARTNERSHIP

Sika is a globally active company supplying the specialty chemicals markets. It is a leader in processing materials used in sealing, bonding, damping, reinforcing and protecting load-bearing structures in construction (buildings and infrastructure construction) and in industry (vehicle, building components, equipment production, solar and wind power).

Sika's product lines feature high-quality concrete admixtures, specialty mortars, sealants and adhesives, damping and reinforcing materials, structural strengthening systems, industrial flooring and membranes. Subsidiaries in more than 101 countries worldwide and approximately 20,000 employees link customers directly to Sika.

SIKA SHALL NOT BE RESPONSIBLE FOR THE USE OF THIS PRODUCT IN A MANNER TO INFRINGE ON ANY PATENT OR ANY OTHER INTELLECTUAL PROPERTY RIGHTS HELD BY OTHERS.** Sale of Sika products are subject Sika's Terms and Conditions of Sale available at <http://usa.sika.com/> or by calling 201-933-8800.

Our most current General Sales Conditions shall apply.
Please consult the Data Sheet prior to any use and processing.

SIKA TRAILER PRODUCT APPLICATION SOLUTIONS

© 2021 Sika Corporation. All Rights Reserved. REV. March 2021

SIKA TRAILER APPLICATIONS

Sika provides a wide range of material technologies ideally suited for the trailer manufacturer. From initial design to simplifying and speeding up processes, our adhesive, sealant, reinforcing, tooling, and composite products help with higher production output. Sika's global network of experts can support you in integrating adhesive bonding instead of mechanical joining technologies.

- Lightweight design and enhanced aesthetics
- Less working steps in bonding substrates
- Faster assembly processes
- Adhesives with unique combination of long working time with fast curing
- Reduced cleaning and maintenance
- Increased durability

SIDEWALL PANEL CONSTRUCTION

Different bonding technologies can be provided to satisfy demands like fast throughput and limited pre-treatment steps.

Products: Sikaflex®, SikaForce®, SikaMelt®

BODY STRUCTURE

Sealing and bonding products based on different technologies to meet a large variety of processing needs.

Products: Sikaflex®, SikaPower®, SikaFast®

FLOOR BONDING

Complete portfolio capable of providing a water tight seal, fast-curing and excellent noise damping characteristics, ensuring longevity and increased comfort.

Products: SikaBond®, SikaFast®, Sikaflex®, SikaForce®

TOOLING & COMPOSITES

A range of tooling and composite technologies from epoxy resins, polyester fillers, flame retardant systems and tooling systems.

Products: Please inquire if interested

Sika Trailer Products & Applications

ROOF BONDING

Large components require long open time adhesives which provide sufficient time for the assembly. At the same time fast-curing speed and strength build up is required to support the manufacturing process.

Products: SikaFast®, Sikaflex®, SikaForce®

INTERIOR TRIM

Large variety of technologies offering fast assembly and high initial tack to ensure no interruption of the manufacturing process.

Products: SikaSense®, SikaMelt®, SikaFast®, Sikaflex®, SikaForce®

UNDERBODY COATING AND ACOUSTIC

Superior application properties and very high chip resistance for long lasting protection.

Products: SikaDamp®, Sikagard®
