A SMARTER APPROACH TO CONSTRUCTION MATERIALS

SikaSmart™
Expert Solutions for Manufacturing

BUILDING TRUST

EXPERT SOLUTIONS FOR MANUFACTURING

Meet all your construction needs from one source...

INDUSTRIAL FLOORING AND HEAVY-DUTY SURFACING

- Advanced technologies ranging from seamless thin film applications to heavy-duty screed applications
- Customizable, durable systems that resist scratches, heat and wear
- Non-slip textures, can stand up to thermal shock
- Ease of maintenance

EnergySmart® ROOF

- Sustainable, single-ply vinyl membranes and systems with heat-welded seams impervious to water and moisture penetration.
- Energy-saving reflective roofs, vegetated green roofs, solar-ready roofing and systems that simulate the appearance of standing seam metal roof.
- Extended performance and reflective surfaces help to control capital expenses, HVAC operating costs and roof maintenance expenses.

SIKA CONCRETE ADMIXTURES

- Faster construction with high early strength concrete using Sika® Rapid 1 and SikaSet®
- Limit concrete cracking with Sika® Control® - shrinkage reducing admixtures and SikaFiber®
- Sika® ViscoCrete® Water Reducers for production of Self Consolidating Concrete and Sika® PerFin® for perfectly smooth concrete

PLANTS AND MAINTENANCE

JOINT SEALANT SOLUTIONS

- Durable, UV resistant & non-staining sealants keep joints, gaps & cracks weathertight in all conditions
- Wide range of applications including high traffic areas, curtain wall, precast elements, aluminum composite materials, & masonry
- High durability semi-rigid epoxy solutions for control joints.
- Compatible solutions for securing the building envelope at its most vulnerable points - the transitions
- Wide color selection & custom color matching for unique requirements

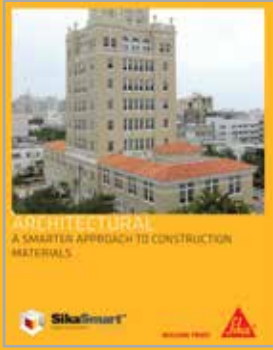

REFURBISHMENT

- A complete range of concrete repair and protection products that extend the life of existing structures.
- Repair mortars and pre-packaged concrete mixes
- Structural epoxy for all construction needs
- Epoxy and cement grout for all installation needs
- Coatings and sealers for concrete protection

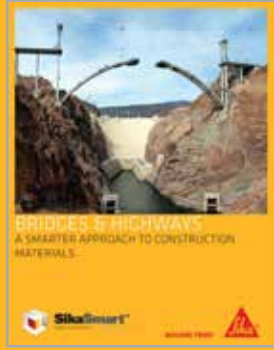

Sikalastic® RoofPro® LIQUID-APPLIED ROOFING

- Seamless, liquid-applied, fully reinforced polyurethane membrane
- Flexible cold-liquid applied system provides self-adhered watertight flashings at gutters, valleys penetrations, & decorative architectural elements.
- Provides long-term waterproofing performance beneath tiles and concrete pavers.
- Low odor formulation ideal for sensitive applications
- Resistant to maintenance traffic & many chemicals
