

GLOBAL BUT LOCAL PARTNERSHIP

Sika is a globally active company supplying the specialty chemicals markets. It is a leader in processing materials used in sealing, bonding, damping, reinforcing and protecting load-bearing structures in construction (buildings and infrastructure construction) and in industry (vehicle, building components, equipment production, solar and wind power).

Sika's product lines feature high-quality concrete admixtures, specialty mortars, sealants and adhesives, damping and reinforcing materials, structural strengthening systems, industrial flooring and membranes. Subsidiaries in more than 101 countries worldwide and approximately 20,000 employees link customers directly to Sika.

SIKA MILITARY VEHICLE PRODUCT APPLICATION SOLUTIONS

SIKA MILITARY VEHICLE

For military and tactical vehicles, performance and strength are essential prerequisites to ensure maximum protection surrounds all personnel during the most demanding operations and harshest combat conditions. Sika adhesives and sealants offer strength, elasticity and durability for the production and the repair of personnel transports, heavy armored vehicles or weapon transport containers.

- Improved crash performance
- Faster processes - both in production and in field
- Passenger comfort and safety
- Environmental health and safety
- Reduction of operational costs

Military Vehicle Products & Applications

BALLISTIC GLASS BONDING

Used for direct glazing and backfill of multi-layer ballistic glass up to 8 cm thick and 150 kg applications, Sikaflex adhesives are low VOC, elastic and fast curing. They offer low moisture vapor transmission to protect sensitive layers of the ballistic glass unit.

Products: Sikaflex®, SikaTack®

BODY AND SEAM SEALING

Sika adhesives are ideal for body assembly seam sealing to support cabin pressurization to chemical infiltration. They are available in custom colors, including desert tan and military green for body color matching.

Products: Sikaflex®

COMPARTMENT LINING

Formulated technology solutions in either automated or manual dispensing to form a protective lining and seal and reduce noise and impact damage to cargo.

Products: Sikaflex®, SikaDamp®, SikaGard®

WEAPONS TRANSPORT CONTAINERS

Sika structural adhesives are designed to substitute or complement welding, riveting, clinching or other mechanical fasteners, while bonding to many materials without surface preparation. Excellent for fast field repairs.

Products: SikaFast®, SikaPower®

BODY ARMOR ASSEMBLY

For the assembly of multi-layer metal and Kevlar armor plates, Sika adhesives offer fast curing, flexible and high performance, one component adhesives. They allow for rapid strength development and shorter service times.

Products: Sikaflex®, SikaFast®, SikaPower®
