

Sikalastic®

ROOFING & WATERPROOFING SIKALASTIC® ROOFCOAT

LIQUID-APPLIED RECOVER SOLUTION

BUILDING TRUST

IS IT A NEW ROOF OR A RECOVER?

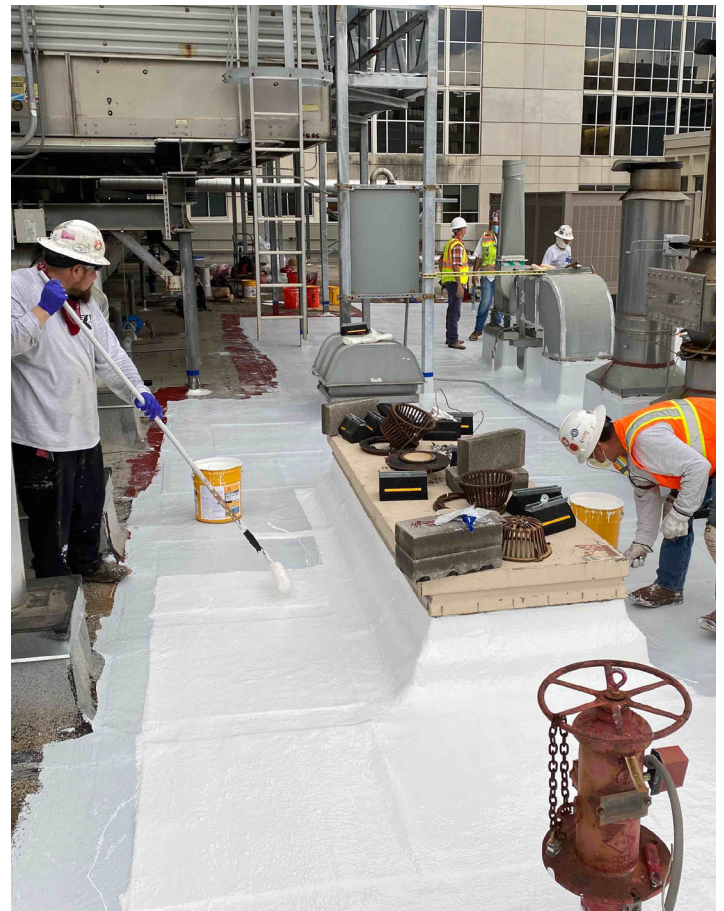

Sikalastic® RoofCoat recover solutions are an excellent choice to extend the life of your building's old roofing system. A simple cleaning, priming, and coating can extend the life for up to 20 years. Why pay for tearing off the old system when you can save money and keep your building watertight with a roof coating.

- Roofcoat Polyurethane resins are easy to use: Open the bucket, no mixing, just dip with roller and apply
- Roofcoat solicones and acrylics only require minimal mixing
- Enjoy a rejuvenated roof without the costly tear off of replacing it
- Reinforced, fully adhered, and fully conformed to the existing roof surface
- A recover roof is an added weight of less than 1lb/sf
- Energy saving cool roofing colors available

An existing roof can be significantly enhanced by a new Sikalastic® RoofCoat system.

NEW RECOVERS CAN PROLONG THE LIFE OF:

- EPDM
- HYPALON
- METAL ROOFS
- PVC
- MOD-BIT (fully reinforced)

SIKALASTIC® ROOFCOAT PRODUCTS

Sikalastic®-646 Lo-VOC

Is a cold liquid applied, Lo-VOC highly elastic, aliphatic (UV resistant), single component moisture triggered polyurethane resin.
