

# Sika Anchorfix®-1

## LIGHT TO MEDIUM DUTY ANCHORING ADHESIVE

LEARN MORE

### WHERE TO USE

- Common anchoring projects (threaded rods, railing installations, setting rebar, bolts, dowels, pins and more)
- Vertical & horizontal applications
- Can be used on uncracked concrete

### ADVANTAGES

- **Fast setting**, hardens in a few minutes
- Applicable in sub-freezing temperatures
- High load capacity
- Styrene-free polyester resin
- Standard guns can be used
- Static mixing nozzles included
- Low odor
