MORTAR CONSOLIDATION IN AKRON, OH & MARION AUTOMATED DISTRIBUTION CENTER

Dear Valued Customer,

To improve our supply chain process and our ability to serve our customers, Sika will consolidate the technical mortars currently stocked in our Marion, OH distribution center with our Akron, OH distribution center. This move will allow customers to purchase Sika and legacy Master Builders Solutions mortars from a single distribution center location.

A limited range of mortars will be available in our Marion automated distribution center as a convenience for customers who would like to fill out truckload orders with our most popular mortar materials. See Appendix 1 for a list of the mortars that will still be available in our Marion automated distribution center after the consolidation.

Appendix 2 lists mortars that will be stocked in our Akron, OH, location starting December 16, 2024. All full truckload orders for these materials should be placed out of the Akron distribution center.

Akron, OH DC Address

Total Distribution
2850 Gilchrist Road
Suites 3 & 4
Akron, OH 44305

MARION, OH AUTOMATED DISTRIBUTION CENTER

We want to inform you of the changes in our distribution centers in Marion, Ohio. Sika has invested in a new automated distribution center in conjunction with our existing facilities in

PAGES 2/4
DATE November 22, 2024

Marion, OH. This automated distribution center will allow Sika to strengthen our shipping process and provide direct value to our customers. The new automated distribution center is a few miles from the existing Cascade distribution center in Marion. We are currently migrating our materials from the Cascade warehouse into the automated distribution center.

Marion, OH Addresses

Marion Automated Distribution Center Address:
3525 Harding Hwy E
Marion, OH 43302

Marion Cascade Distribution Center Address:
1550 Cascade Drive
Marion, OH 43302

We anticipate completing the migration process on December 1, 2024. After that, only our Lo-Mod epoxy totes and CarboDur rods will be stored and shipped from our Marion Cascade distribution center. The materials previously stocked in the Marion Cascade location will be available to ship from the Marion Automated distribution center. Note that mortars will be placed per the information in Appendix 1 & 2.

Our price book will be revised to reflect these changes and will be shared with our customers on December 2nd, 2024.

We appreciate your business and patience as we further improve our supply chain and shipping capacities. These important changes and improvements will enhance our ability to serve our customers.

Sincerely,

Kyle Loyd, P.E.
