

Sikaflex® + Mortar Fix

TEXTURED MORTAR JOINT REPAIR SEALANT

LEARN MORE

515313

WHERE TO USE

- Weatherproofing of joints, cracks or gaps in concrete and masonry structures (brickwork, blockwork), stucco and metal
- Repair damaged mortar
- Tuckpointing brick/mortar joints
- Vertical and horizontal applications
- Joints and cracks up to 1/2 in. deep

ADVANTAGES

- ± 35% joint movement
- Textured appearance blends well to rough or stucco type surfaces
- Non-staining
- May be painted over
- Excellent resistance to aging & weathering
- Service temperature: -40 to 170 °F
