

ACCELERATE YOUR NEXT PROJECT

SIKA EIFS WITH DENSELEMENT BARRIER SYSTEM

IN COLLABORATION WITH

BUILDING TRUST

SIKA EIFS WITH DENSELEMENT® BARRIER SYSTEM

SIKA AND GEORGIA PACIFIC® have teamed up to introduce a new EIFS solution designed to streamline installation on your next project. The integrated system offers a durable and weather resistant building envelope solution designed to enhance efficiency, reduce material use, and improve jobsite reliability across a wide variety of commercial construction applications.

Georgia Pacific's DensElement® Barrier System is now fully compatible with Senergy, Parex, and LaHabra EIFS systems—offering a faster, more efficient path to a high performance building envelope.

SIKA SYSTEMS FEATURING DENSELEMENT® BARRIER SYSTEM

- Senergy® Channeled Adhesive CI Design with DensElement® Sheathing
- Parex® WaterMaster CI with DensElement® Sheathing
- LaHabra® Pebbletex CI-DCA with DensElement® Sheathing

KEY BENEFITS OF SIKA EIFS WITH DENSELEMENT® BARRIER SYSTEM:

EFFICIENCY & TIME SAVINGS

By eliminating the AWRB installation step typically required in traditional EIFS applications, the new systems can deliver significant time savings, reducing labor needs and accelerating project timelines.

GUARANTEED QUALITY

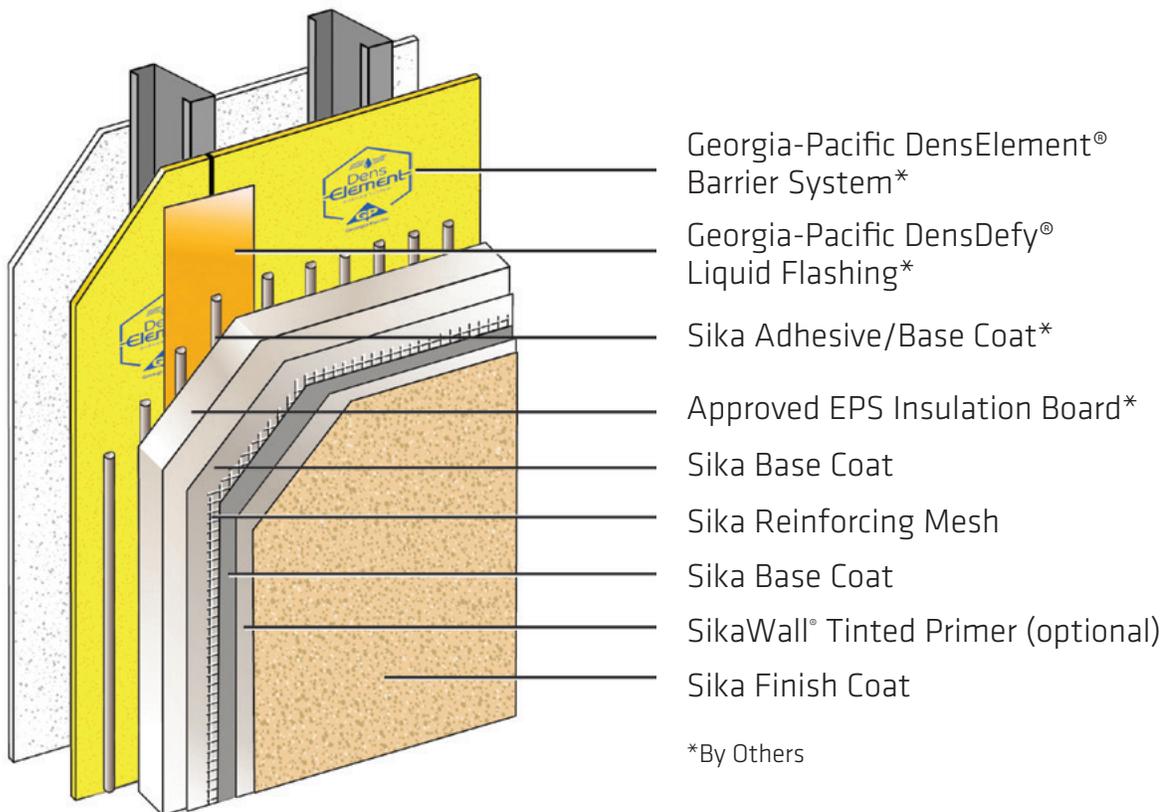

DensElement® Sheathing includes an integral factory-applied AWRB, removing variables like installation and surface preparation challenges present with field applied AWRB.

MATERIAL SAVINGS THROUGH INTEGRATION

With the AWRB integrated directly into DensElement® Sheathing, material usage and jobsite waste associated with field-applied products are reduced.

HIGH-PERFORMANCE COMPONENTS

The system is code compliant and retains the high-performance benefits of EIFS, including continuous insulation (CI) for improved energy efficiency, drainage plane for incidental moisture, and durable, decorative finish options.

WARRANTY

The Sika EIFS system offers a 12-year material warranty from Sika. Georgia-Pacific's DensElement® Barrier System includes a 12-year limited warranty for use as a drainage plane.

*For warranties exceeding 12 years, contact your Sika and Georgia Pacific representatives for more information.

Our most current General Sales Conditions shall apply.
