

# SIKA BOOM®-180

POLYURETHANE SPRAY FOAM FOR GAPS & CRACKS UP TO 1"

LEARN MORE

## WHERE TO USE

- Sealing up to 1" gaps, cracks & joints around windows/door frames
- Insulating against noise, cold & drafts
- Filling around pipes or conduit penetrations
- Excellent adhesion to many indoor/outdoor construction materials including wood, metal, masonry, glass & most plastics

## ADVANTAGES

- Easy application (1-part ready to use), nozzle included
- Good thermal insulation & effective sound dampening
- Forms a permanent, weather-tight seal
- Tack free as fast as 7 minutes
- Paintable, sandable & waterproof
- Resistant to mold
- Indoor & outdoor use
