

Sikafloor® Brewery Floor Systems

PurCem® URETHANE MORTAR FLOORING

ULTRA HEAVY-DUTY PERFORMANCE FLOORS

For areas where both cleanliness and durability are crucial, PurCem polyurethane concrete flooring systems deliver absolute reliability. PurCem provides the most demanding performance characteristics including resistance to impact, abrasion, aggressive chemicals and thermal shock for hygienic brewing facilities.

- Highly durable surface suited for heavy traffic and aggressive use
- Slip resistant textures and decorative quartz finish options
- Odorless and non-toxic, zero VOC formulation and Phthalate free
- Excellent workability and quick cure for minimal downtime
- Can be applied over partially cured concrete
- Easy maintenance; superior lifecycle cost advantages

Sikafloor® PurCem® Brewery Flooring Systems

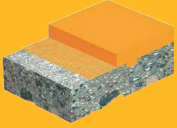

SUPPERIOR HEAVY-DUTY PERFORMANCE

Ideally suited to all areas in commercial brewing facilities, PurCem floors provide performance for the long haul.

Light to Heavy-Duty, to 212°F

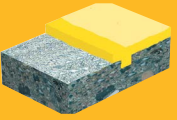

PurCem 24N

Self Leveling, Smooth Finish. Cementitious urethane floor resurfacer (80 to 100 mils) with a smooth finish for light to heavy-duty applications.

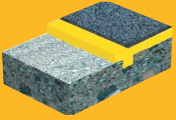

PurCem 22N

Slip Resistant Quartz Finish. Easy to install, slurry/broad-cast cementitious urethane floor resurfacer (187.5 to 250 mils) with slip resistant quartz aggregate broadcast and solid colored finish.

PurCem 22N

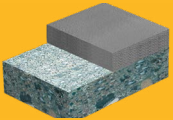

Decorative Quartz Finish. Easy to install, slurry/broad-cast cementitious urethane floor resurfacer (187.5 to 250 mils) with colored quartz aggregate broadcast and clear lock coat finish.

Medium to Heavy-Duty, to 240°F

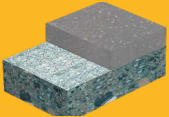

PurCem 19N

Heavy Duty, Slightly Textured. Trowel applied cementitious urethane floor resurfacer (250 to 375 mils) with slightly textured slip resistant finish for medium to heavy-duty use.

PurCem 20N

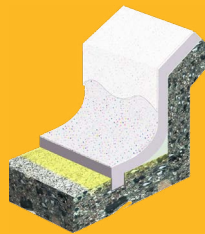

Heavy Duty, Textured. Screed-applied cementitious urethane floor resurfacer (250 to 375 mils) with a textured slip resistant finish for medium to heavy-duty use.
