

# Sika® Backer Rod

3/4 INCH, CLOSED CELL COMPRESSIBLE BACKUP MATERIAL

LEARN MORE

## WHERE TO USE

- Expansion joints, glazing installations, window and door perimeters, copings, and pavement joints
- Recommended use with Sikaflex® sealants when filling expansion joints

## ADVANTAGES

- Prevents 3-sided adhesion
- Highly flexible and compressible
- Will not absorb water
- Resists oil & most other solvents
- Good temperature resistance
- Helps control sealant depth
- **Size/Color:** 3/4 in. diameter x 20 ft. length, Gray
