ACHIEVE YOUR SUSTAINABILITY GOALS WITH CONFIDENCE

As a trusted leader in specialty building products and a proud member of the US Green Building Council (USGBC), Sika is committed to advancing sustainable construction. Our innovative product solutions are designed to help customers meet their project goals and earn LEED certification with confidence. To make the process easier we've created an online platform for providing up-to-date LEED information for Sika products.

Simply search by product name or CSI division to instantly download a document outlining that product's LEED credit contributions.
