

GLOBAL BUT LOCAL PARTNERSHIP

Sika is a globally active company supplying the specialty chemicals markets. It is a leader in processing materials used in sealing, bonding, damping, reinforcing and protecting load-bearing structures in construction (buildings and infrastructure construction) and in industry (vehicle, building components, equipment production, solar and wind power).

Sika's product lines feature high-quality concrete admixtures, specialty mortars, sealants and adhesives, damping and reinforcing materials, structural strengthening systems, industrial flooring and membranes. Subsidiaries in more than 101 countries worldwide and approximately 20,000 employees link customers directly to Sika.

SIKA HVAC PRODUCT APPLICATION SOLUTIONS

SIKA HVAC

Whether a structural bond or generic sealing is needed, Sika offers a wide range of solutions suitable for the whole assembly process while satisfying the most demanding market requirements. Manufacturers of air conditioning systems rely on Sika's technologies to bond, seal and soundproof metal bodies and frames in filter systems, achieving cost optimization and long term results.

HVAC Products & Applications

Product Features & Advantages

- High load resistant solutions
- No welding process and metal buckling
- No unaesthetic mechanical fixtures
- Sound damping
- Sealing and bonding in one step
- Improved system performance with reduced assembly time
