

# GLOBAL BUT LOCAL PARTNERSHIP

Sika is a globally active company supplying the specialty chemicals markets. It is a leader in processing materials used in sealing, bonding, damping, reinforcing and protecting load-bearing structures in construction (buildings and infrastructure construction) and in industry (vehicle, building components, equipment production, solar and wind power).

Sika's product lines feature high-quality concrete admixtures, specialty mortars, sealants and adhesives, damping and reinforcing materials, structural strengthening systems, industrial flooring and membranes. Subsidiaries in more than 101 countries worldwide and approximately 20,000 employees link customers directly to Sika.

# SIKA METAL CONSTRUCTION PRODUCT APPLICATION SOLUTIONS

# SIKA METAL CONSTRUCTION APPLICATIONS

Sika provides a complete range of high-quality butyl tapes, butyl caulks, polyurethanes, silicones and structural adhesive products for metal building, tank and grain bin construction for on-site or in-factory applications. Sika products are known for their ease of application, durability and performance that can handle the most demanding metal construction applications.

- Multiple products tested and certified to ASTM and Industry standard requirements
- Less working steps in bonding substrates
- Faster assembly processes
- Adhesives with unique combination of long working time with fast curing
- Reduced cleaning and maintenance
- Increased durability

## Sika Products & Applications

### ROOF BONDING

Large components require long open time adhesives which provide sufficient time for the assembly. At the same time fast-curing speed and strength build up is required to support the manufacturing process.

*Products: SikaFast®, Sikaflex®, SikaForce®*

### WINDOW / SKYLIGHT PERIMETER BONDING & SEALING

Large variety of technologies offering fast assembly and high initial tack to ensure no interruption of the manufacturing process.

*Products: SikaFast®, Sikaflex®, SikaLastomer®*

### STANDING ROOF SEALING

Sika products help facilitate panel assembly in a wide variety of climate conditions for multiple substrates with limited pretreatment.

*Products: Sikaflex®, SikaLastomer®*

### BODY STRUCTURE

Sealing and bonding products based on different technologies to meet a large variety of processing needs.

*Products: Sikaflex®, SikaLastomer®, SikaPower®, SikaFast®*

### FLOOR BONDING

Complete portfolio capable of providing a water tight seal, fast-curing and excellent noise damping characteristics, ensuring longevity and increased comfort.

*Products: SikaBond®, SikaFast®, Sikaflex®, SikaForce®*

### SANDWICH PANEL BONDING

Superior application properties with varying open times and a broad adhesion range for a permanent bond.

*Products: SikaForce®, SikaMelt®*
