Subject: ICC – ES Evaluation Report, ESR-1157

17-04

Distribution:

Sika is pleased to announce we have received our new, updated version of our ICC-ES Evaluation Report, ESR-1157. This report includes our Sarnafil G 410 and S 327 membranes as well as our Sikaplan Adhered and Sikaplan Fastened membranes, with both the bare back and felt back versions for all membranes. Our revised report includes the Rhinobond inductions system as well as the low rise urethane adhesives applications.

The evaluation report shows compliance to the 2015 International Building Code. A copy of the report is attached for your files. Should you need additional copies, please go the ICC web site, <https://icc-es.org/evaluation-report-program/reports-directory/>. The listings may be found by entering the report number.
