A SMARTER APPROACH TO CONSTRUCTION MATERIALS

SikaSmart™
Expert Solutions for Education

BUILDING TRUST

EXPERT SOLUTIONS FOR EDUCATION

Meet all your construction needs from one source...

REFURBISHMENT

- A complete range of concrete repair and protection products that extend the life of existing structures
- Repair mortars and pre-packaged concrete mixes
- Structural epoxy for all construction needs
- Epoxy and cement grout for all installation needs
- Coatings and sealers for concrete protection

EnergySmart® ROOF

- Sustainable, single-ply vinyl membranes and systems with heat-welded seams impervious to water and moisture penetration
- Energy-saving reflective roofs, vegetated green roofs, solar-ready roofing and systems that simulate the appearance of standing seam metal roof
- Extended performance and reflective surfaces help to control capital expenses, HVAC operating costs and roof maintenance expenses

COMFORT FLOORING

- Strikes balance between comfort and toughness, combining softness under foot with durability
- Fulfills need for comfort, durability, style and cost
- Fatigue and noise reducing
- Exceed highest global standard for indoor air quality
- Lasting aesthetics, low maintenance costs

CONCRETE ADMIXTURES & WATERPROOFING

- Faster construction with high early strength concrete using Sika® Rapid 1 and SikaSet®
- Limit concrete cracking with Sika® Control - shrinkage reducing admixtures and SikaFiber®
- Sika® ViscoCrete® Water Reducers for production of Self Consolidating Concrete and Sika® PerFin® for perfectly smooth concrete
- Complete concrete below grade waterproofing solutions with pre/post applied membranes and jointing materials

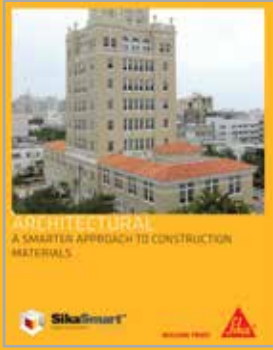

JOINT SEALANT SOLUTIONS

- Durable, UV resistant & non-staining sealants keep joints, gaps & cracks weathertight in all conditions
- Wide range of applications including high traffic areas, curtain wall, precast elements, aluminum composite materials, & masonry
- Fire rated joint sealants for specialty applications
- Compatible solutions for securing the building envelope at its most vulnerable points - the transitions
- Wide color selection & custom color matching for unique requirements such as school colors

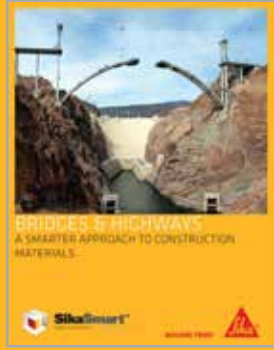

Sikalastic® RoofPro® LIQUID-APPLIED ROOFING

- Seamless, liquid-applied, fully reinforced polyurethane membrane
- Ideal for roofs with multiple penetrations or difficult access
- Flexible cold-liquid applied system provides self-adhered watertight flashings at gutters, valleys penetrations, and decorative architectural elements
- Provides long-term waterproofing performance beneath tiles and concrete pavers
- Low odor formulation ideal for sensitive applications
