

GLOBAL BUT LOCAL PARTNERSHIP

Sika is a globally active company supplying the specialty chemicals markets. It is a leader in processing materials used in sealing, bonding, damping, reinforcing and protecting load-bearing structures in construction (buildings and infrastructure construction) and in industry (vehicle, building components, equipment production, solar and wind power).

Sika's product lines feature high-quality concrete admixtures, specialty mortars, sealants and adhesives, damping and reinforcing materials, structural strengthening systems, industrial flooring and membranes. Subsidiaries in more than 101 countries worldwide and approximately 20,000 employees link customers directly to Sika.

SIKA LOG HOME APPLICATIONS

Sika's premium sealants and adhesives are the best choice for the most demanding and difficult applications in log home construction. From sealing between the logs and voids, to fenestration, to floor and wall panel bonding, there is a Sika product to meet your needs. All Sika products are certified to multiple ASTM and Industry standard requirements. Premium log homes deserve high performance and long lasting sealants and adhesives.

- Tested and certified in multiple climates and conditions for both interior and exterior applications
- Engineered to last longer to protect log homes from air and moisture infiltration
- Sikaflex products can be color-matched or painted to a wide array of substrates
- Adhesives with unique combination of long working time with fast curing
- Reduced cleaning and maintenance
- Increased durability

Sika Log Home Products & Applications

LOG SEAM SEALING

Textured or untextured sealants that offer excellent adhesion to a wide variety of substrates while offering dynamic and structural movement.

Products: Sikaflex®

GLASS GLAZING

Sealing and bonding products based on different technologies to meet a large variety of processing needs.

Products: Sikaflex®, SikaSil®

INTERIOR JOINT SEALING & BONDING

One and two-component solutions to seal and bond a wide range of building material substrates with varying open times and cure times.

Products: Sikaflex®, SikaSil®

METAL ROOF AND VENT SEALING

Fast curing adhesives & sealants that provide excellent adhesion to multiple substrate materials.

Products: SikaFast®, Sikaflex®, SikaLastomer®

DOOR AND WINDOW SEALING

Fast curing adhesives & sealants that provide excellent adhesion to multiple substrate materials.

Products: Sikaflex®, SikaLastomer®, SikaSil®

FLOOR BONDING

Complete portfolio capable of providing a water tight seal, fast-curing and excellent noise damping characteristics, ensuring longevity and increased comfort.

Products: SikaBond®, SikaFast®, Sikaflex®, SikaForce®
